Summary

RCM Operations & Quality Leader with 7+ years of experience across US Healthcare Revenue Cycle Management, including AR Follow-up, Denial Management, Billing, and Revenue Integrity. Expertise in overseeing provider credentialing workflows and quality governance—including CAQH management, NPPES/PECOS updates, and payer-specific enrollment—ensuring 100% HIPAA/CMS compliance, audit readiness, and preventing revenue leakage due to credentialing lapses. Proven experience leading large-scale operations by monitoring DSO, AR Aging, denials, and SLAs, translating operational data into measurable financial improvements via RCA, CAPA, and process optimization. Skilled in client governance, operational escalations, transitions, and KPI/MIS executive reporting. Certified Lean Six Sigma Black Belt with expertise in ISO 9001, payer guidelines, Power BI, Advanced Excel, and AI-enabled process transformation.

Professional Experience

AGS Health

Supervisor

04/2025 – Present | Chennai, Tamil Nadu, India

- Directed RCM operations across multi-client portfolios (Billing, Payment Posting, AR Follow-up, Denial Management, Quality), sustaining SLA compliance of 95%.
- Tracked DSO, AR Aging, Denial Rate, and Productivity metrics, prioritizing interventions that reduced revenue leakage and aging exposure.
- Oversaw provider enrollment and credentialing operations across multi-client portfolios, ensuring timely submission of Medicare, Medicaid, and commercial payer applications to prevent billing delays.
- Built executive dashboards and MIS reporting, translating data into root-cause analysis and corrective action plans for client leadership.
- Led 3 client transitions, establishing SLA alignment and process controls to reach stability with zero SLA breach.
- Resolved escalations through structured RCA/CAPA with Operations and Delivery teams, and served as client governance SPOC across portfolios.
- Manage team headcount planning and attrition for the operations function, sustaining staffing stability across multi-client portfolios.

Quality Team Leader

10/2022 – 04/2025 | Chennai, Tamil Nadu, India

- Led RCM quality governance across AR, Billing, and Denial Management for 100+ FTEs, designing audit frameworks and process maps that reduced AR defects by 30% through structured RCA and CAPA.
- Built quality scorecards and calibration frameworks, standardizing audit consistency across teams and contributing to a 20% increase in operational efficiency through workflow redesign.
- Developed quality scores specific to credentialing accuracy, reducing enrollment-related defects and accelerating the provider onboarding timeline.
- Conducted HIPAA, CMS, and payer-guideline compliance reviews, supporting audit readiness and zero-gap client governance reporting.
- Coached and calibrated Quality Analysts through structured feedback and calibration programs across multiple specialty scopes, mentoring 5 team members into Team Lead roles.
- Managed team headcount, workforce planning, and attrition for the Quality function, and partnered with Operations on attrition mitigation through targeted employee coaching — sustaining staffing stability while scaling audit coverage across 100+ FTEs.
- Oversaw quality and denial management across multiple specialty scopes — E&M, Emergency Medicine, Cardiology, PT/OT, and Behavioral Health — adapting audit and coaching approaches to specialty-specific coding and payer nuances.

Quality Analyst

06/2021 – 10/2022 | Chennai, Tamil Nadu, India

- Audited AR and Billing processes for HIPAA, CMS, and payer compliance, identifying denial patterns and process defects through data-driven analysis.
- Audited provider credentialing files and enrollment applications for 100% HIPAA, CMS, and payer compliance, ensuring zero-gap readiness for Medicare (PECOS) and commercial payer network requirements.
- Improved Clean Claim Rate to 95%+ through structured quality feedback and targeted process controls.

AR Analyst

04/2019 – 06/2021 | Chennai, Tamil Nadu, India

- Managed end-to-end AR follow-up via outbound voice calling to Medicare, Medicaid, and commercial payers, resolving denials, underpayments, and reimbursement issues across nearly all denial categories.
- Identified and escalated provider enrollment and credentialing-related denials during outbound AR calls to Medicare, Medicaid, and BCBS, working directly with payer representatives to verify provider par-status and recover held revenue.

- Analyzed AR aging and payer-specific denial trends to prioritize high-value accounts, reducing AR >120 days by 18% and contributing to a 15% reduction in DSO.
- Handled insurance verification, eligibility validation, and claim-status calling within the US Healthcare revenue cycle, applying direct calling experience to identify recovery opportunities
