PROFESSIONAL EXPERIENCE

Supervisor | AGS Health

Chennai, Tamil Nadu, India • April 2025 – Present

- Directed RCM operations across multi-client portfolios (Billing, Payment Posting, AR Follow-up, Denial Management, Quality), sustaining SLA compliance of 95%.
- Tracked DSO, AR Aging, Denial Rate, and Productivity metrics, prioritizing interventions that reduced revenue leakage and aging exposure.
- Built executive dashboards and MIS reporting, translating data into root-cause analysis and corrective action plans for client leadership.
- Led 3 client transitions, establishing SLA alignment and process controls to reach stability with zero SLA breach.
- Resolved escalations through structured RCA/CAPA with Operations and Delivery teams, and served as client governance SPOC across portfolios.
- Manage team headcount planning and attrition for the operations function, sustaining staffing stability across multi-client portfolios.

Quality Team Leader | AGS Health

Chennai, Tamil Nadu, India • October 2022 – April 2025

- Led RCM quality governance across AR, Billing, and Denial Management for 100+ FTEs, designing audit frameworks and process maps that reduced AR defects by 30% through structured RCA and CAPA.
- Built quality scorecards and calibration frameworks, standardizing audit consistency across teams and contributing to a 20% increase in operational efficiency through workflow redesign.
- Conducted HIPAA, CMS, and payer-guideline compliance reviews, supporting audit readiness and zero-gap client governance reporting.
- Coached and calibrated Quality Analysts through structured feedback and calibration programs across multiple specialty scopes, mentoring 5 team members into Team Lead roles.
- Managed team headcount, workforce planning, and attrition for the Quality function, and partnered with Operations on attrition mitigation through targeted employee coaching — sustaining staffing stability while scaling audit coverage across 100+ FTEs.
- Oversaw quality and denial management across multiple specialty scopes — E&M, Emergency Medicine, Cardiology, PT/OT, and Behavioral Health — adapting audit and coaching approaches to specialty-specific coding and payer nuances.

Quality Analyst | AGS Health

Chennai, Tamil Nadu, India • June 2021 – October 2022

- Audited AR and Billing processes for HIPAA, CMS, and payer compliance, identifying denial patterns and process defects through data-driven analysis.
- Improved Clean Claim Rate to 95%+ through structured quality feedback and targeted process controls.

AR Analyst | AGS Health

Chennai, Tamil Nadu, India • April 2019 – June 2021

- Managed end-to-end AR follow-up via outbound voice calling to Medicare, Medicaid, and commercial payers, resolving denials, underpayments, and reimbursement issues across nearly all denial categories.
- Analyzed AR aging and payer-specific denial trends to prioritize high-value accounts, reducing AR >120 days by 18% and contributing to a 15% reduction in DSO.
- Handled insurance verification, eligibility validation, and claim-status calling within the US Healthcare revenue cycle, applying direct calling experience to identify recovery opportunities.
